

CASA MANNI ROMA

The Ultimate Roman Lifestyle

Facilities

Casa MANNI has been completely renovated and designed by Adam D. Tihany. Here are some of the structural features and facilities that will make your stay more comfortable.

Layout and systems

Living room, kitchen, dining area, bedroom, bath, corridor with closets

Door to separate living/dining zone from bed/bath zone for complete privacy

Terrace with automatic plant-watering

Sophisticated lighting with dimmers

User-controllable air-conditioning and heating in every room

Kitchen appliances

Full-size refrigerator-freezer

Full-size convection oven and induction range (hob)

Full-size dishwasher

Clothes washer-dryer

Microwave oven, food processor, ice maker, toaster, centrifuge juicer, immersion blender, electric kettle, and other small appliances

Coffee makers for both espresso and drip coffee

Communications and entertainment

Telephone and fax (send and receive)

High-speed Internet access, both Ethernet and WiFi, free of charge

Computer (Mac/PC) with printer and scanner

DVD and CD player

Two television sets each with independent decoder for some 1500 satellite channels

Audio system for listening to radio, discs, or your iPod/iPhone—or a different source (such as a satellite television station) independently in every room, including the bathroom

Security

Video intercom for entry to building

Concealed wall safe

Safety door and lock

Safety windows
