### Casa Manni Roma

\$\$\$\$\$

The olive-oil maker Armando Manni's one-bedroom Casa Manni Roma is an Adam Tihany–designed space overlooking the Piazza Colonna. The real draw here is access to Manni's black book: request a private agnolotti-making class with Oretta Zanini de Vita, Italy's mistress of handmade pasta, or a decadent four-handed Thai couples massage at Acanto, a spa favored by well-heeled locals. Manni can also arrange a *Roman Holiday*–esque tour by vintage Piaggio.
